Notice of Public Hearing on Tax Rate

The Green DeWitt Drainage District will hold a public hearing on a proposed tax rate for the tax year 2025 on September 3, 2025 at 11:00 AM at Green DeWitt Drainage District Office, 107 N Gonzales St, Cuero, TX. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the tax rate that is adopted and on the change in the taxable value of your property in relation to the change in taxable value of all other property. The change in the taxable value of your property in relation to the change in the taxable value of all other property determines the distribution of the tax burden among all property owners.

Visit [Texas.gov/PropertyTaxes](https://www.texas.gov/PropertyTaxes) to find a link to your local property tax database on which you can easily access information regarding your property taxes, including information about proposed tax rates and scheduled public hearings of each entity that taxes your property.

For the proposal: Doug Sethness, President
John Varela, Secretary

Larry Coppedge, Vice President

Against the proposal:

Present and not voting:

Absent:

The following table compares taxes on an average residence homestead in this taxing unit last year to taxes proposed on the average residence homestead this year.

	Last Year	This Year
Total tax rate (per \$100 of value)	\$0.08751/\$100	\$0.08502/\$100
	Adopted	Proposed
Difference in rates per \$100 of value		\$-0.00249
Percentage increase/decrease in rates(+/-)		-2.85%
Average residence homestead appraised value	\$178,958	\$188,717
General homestead exemptions available (excluding 65 years of age or older or disabled person's exemptions)	\$35,901	\$29,715
Average residence homestead taxable value	\$143,057	\$159,002
Tax on average residence homestead	\$125.18	\$135.18
Annual increase/decrease in taxes if proposed tax rate is adopted(+/-)		\$10.00
and percentage of increase (+/-)		7.99%

NOTICE OF TAXPAYERS' RIGHT TO ELECTION TO REDUCE TAX RATE

If the district adopts a combined debt service, operation and maintenance, and contract tax rate that would result in the taxes on the average residence homestead increasing by more than eight percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the voter-approval tax rate under Section 49.23603, Water Code.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.
